

County Print **Environmental Policy**

County Print provides printing and print solutions services. The organisation is based in Altrincham, Cheshire, and supplies a wide range of organisations including government bodies, multinational organisations, and small to medium enterprises.

The organisation appreciates that its activities have an impact on the environment, and is committed to minimising this impact and continuously improving its management of environmental issues. In particular, the organisation aims to minimise waste produced through its operations, reduce the energy used through its operations, and reduce the emissions released through its activities.

To achieve this we shall:

- Ensure that we comply with all applicable environmental legislation, and other requirements to which the organisation subscribes.
- Endeavour to prevent pollution occurring as a result of the organisation's activities including emissions to air, land and water.
- Identify the key aspects of the organisation's activities that impact on the environment, and set objectives and targets to improve the management of these activities.
- Regularly review the environmental objectives and targets of the organisation.
- Manage our environmental activities through a formalised and documented environmental management system.
- Communicate our policy to all staff.
- Ensure that this policy is publicly available.

In addition, County Print has FSC chain of custody (SGS-COC-003059) in line with its commitment to procuring paper from well managed sources.
